

Replacement and Retrofit Products

Mesker FIT Adjustable Frame

Versatility

- **2 Frame Sizes:** small and large to cover a wide variety of wall thicknesses and a majority of your inventory needs.
 - Small:** covers 4-1/2" to 7-3/4" wall thickness
 - Large:** covers 7-1/2" to 12-1/4" wall thickness

Durability

- Heavy-duty 16-gauge construction
- Galvannealed steel to withstand the elements
- Unprimed

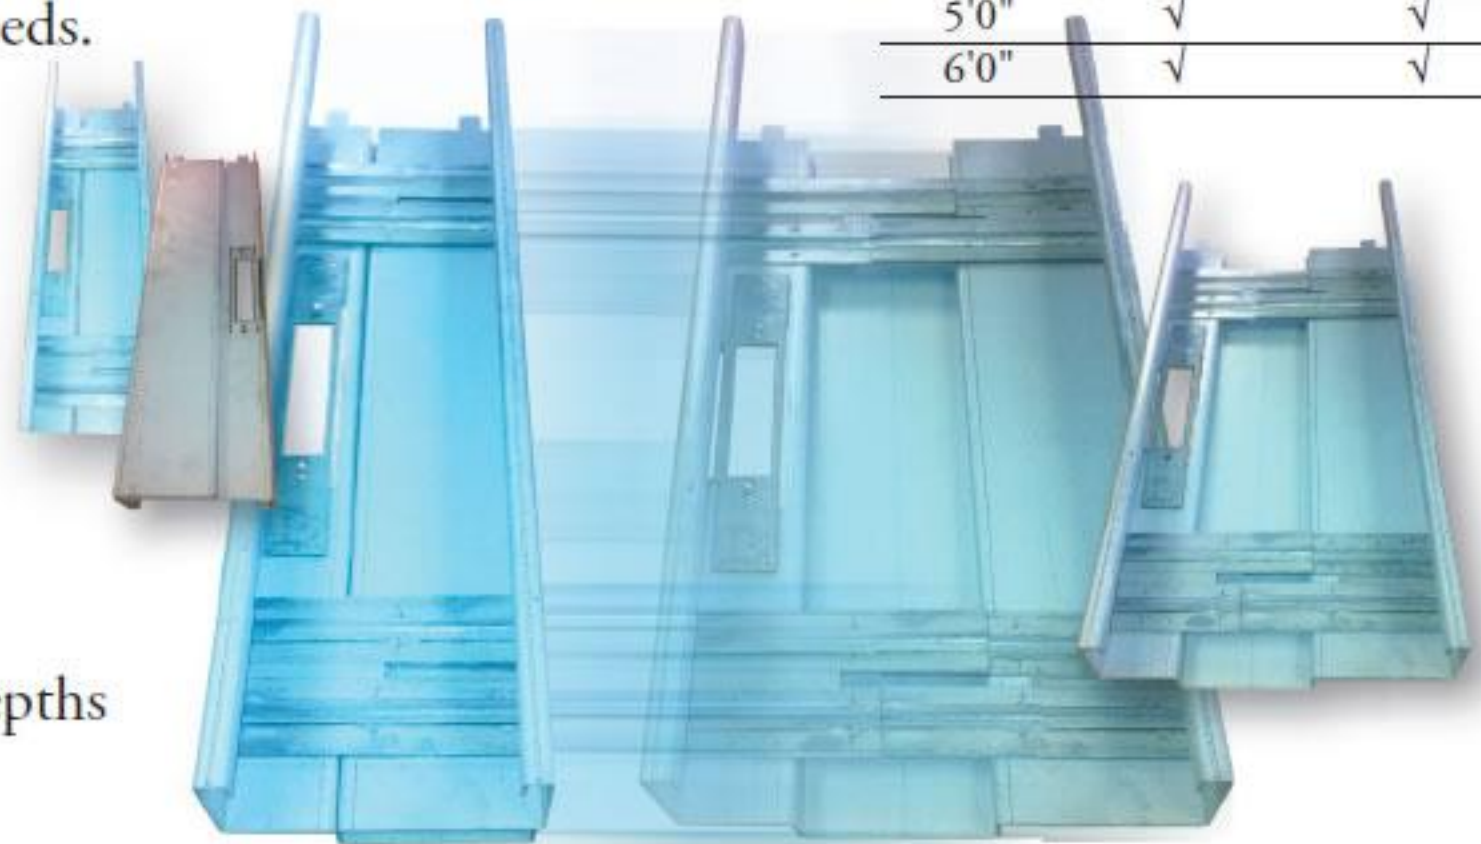

Less inventory dollars tied up on your shelf

- Lower inventory costs on odd jamb depths
 - The flexibility to tackle odd and custom jamb depths right out of inventory
